Introductions of those in attendance were made

RAB Mission and History slides were reviewed

Summary LOOW site History slides were reviewed

Status of Army Corps decisions slides were reviewed

Neil Patterson, Jr. of the Tuscarora Environment Office discussed decision-making and the importance of focusing on the selection of specific standards for contaminants in influencing clean-ups. (These issues would be included in the Corps’ upcoming public workshop on Applicable or Relevant and Appropriate Requirements, “ARARS” Spring 2012.)

Review of recent Army Corps Workshop and questions asked of the public absent information on cleanup ramifications

Group agreed that further clarification of clean up implications was needed to expand on the Corps’ solicitation of future land use options for the NFSS.

Group agreed to create website and seek donations. Ad hoc committee to work on website access and public notification via flyers or press releases; Witryol, Lloyd, McGreevy, Fideli. Suggest contacting Doug Draper for Canadian notice and access.

Key priority for LOOW RAB website is vehicle for public survey questions from slides. Other slides from meeting should be included, separated by topic. Steering to preview site before launch. Target date for website launch; within a week. Minimum website cost estimated at \$500.

Chris Roser and Keith Fox asked if the LOOW RAB was redundant to CAC in general.

Nominations for Steering offices were taken for a period through April 2012. Nominations included: Bill Choboy, Chair, Al Bax, Vice Chair, Amy Witryol ad-hoc Secretary, Paulette Glasgow ad-hoc Recording Secretary

Future meeting topics – Corps activities and NFSS regulatory framework.

Meeting adjourned. Informal discussions followed.

- Next meeting, Dec. 6<sup>th</sup>, 2011, at 6:00p.m., same location
